## Welcome

Welcome to the City-wide Comprehensive Zoning By-law Review. This is a three-year project to update Zoning By-law 1-88, initiated and led by the City of Vaughan.

Through this Open House, you will learn more about what a Zoning By-law is, its relationship with the Official Plan, how it shapes the form and function of the City, and how you can stay involved and up to date as the project progresses.

## Purpose

The purpose of the City-wide Comprehensive Zoning By-law Review is to conform to and be consistent with the City of Vaughan 2010 Official Plan.

The current Zoning By-law 1-88, dates to 1988 and does not necessarily reflect the new land use vision as articulated by the community through the Official Plan. The new Zoning By-law will be updated to reflect the Official Plan and will be more user-friendly.

## What is a Zoning By-law?

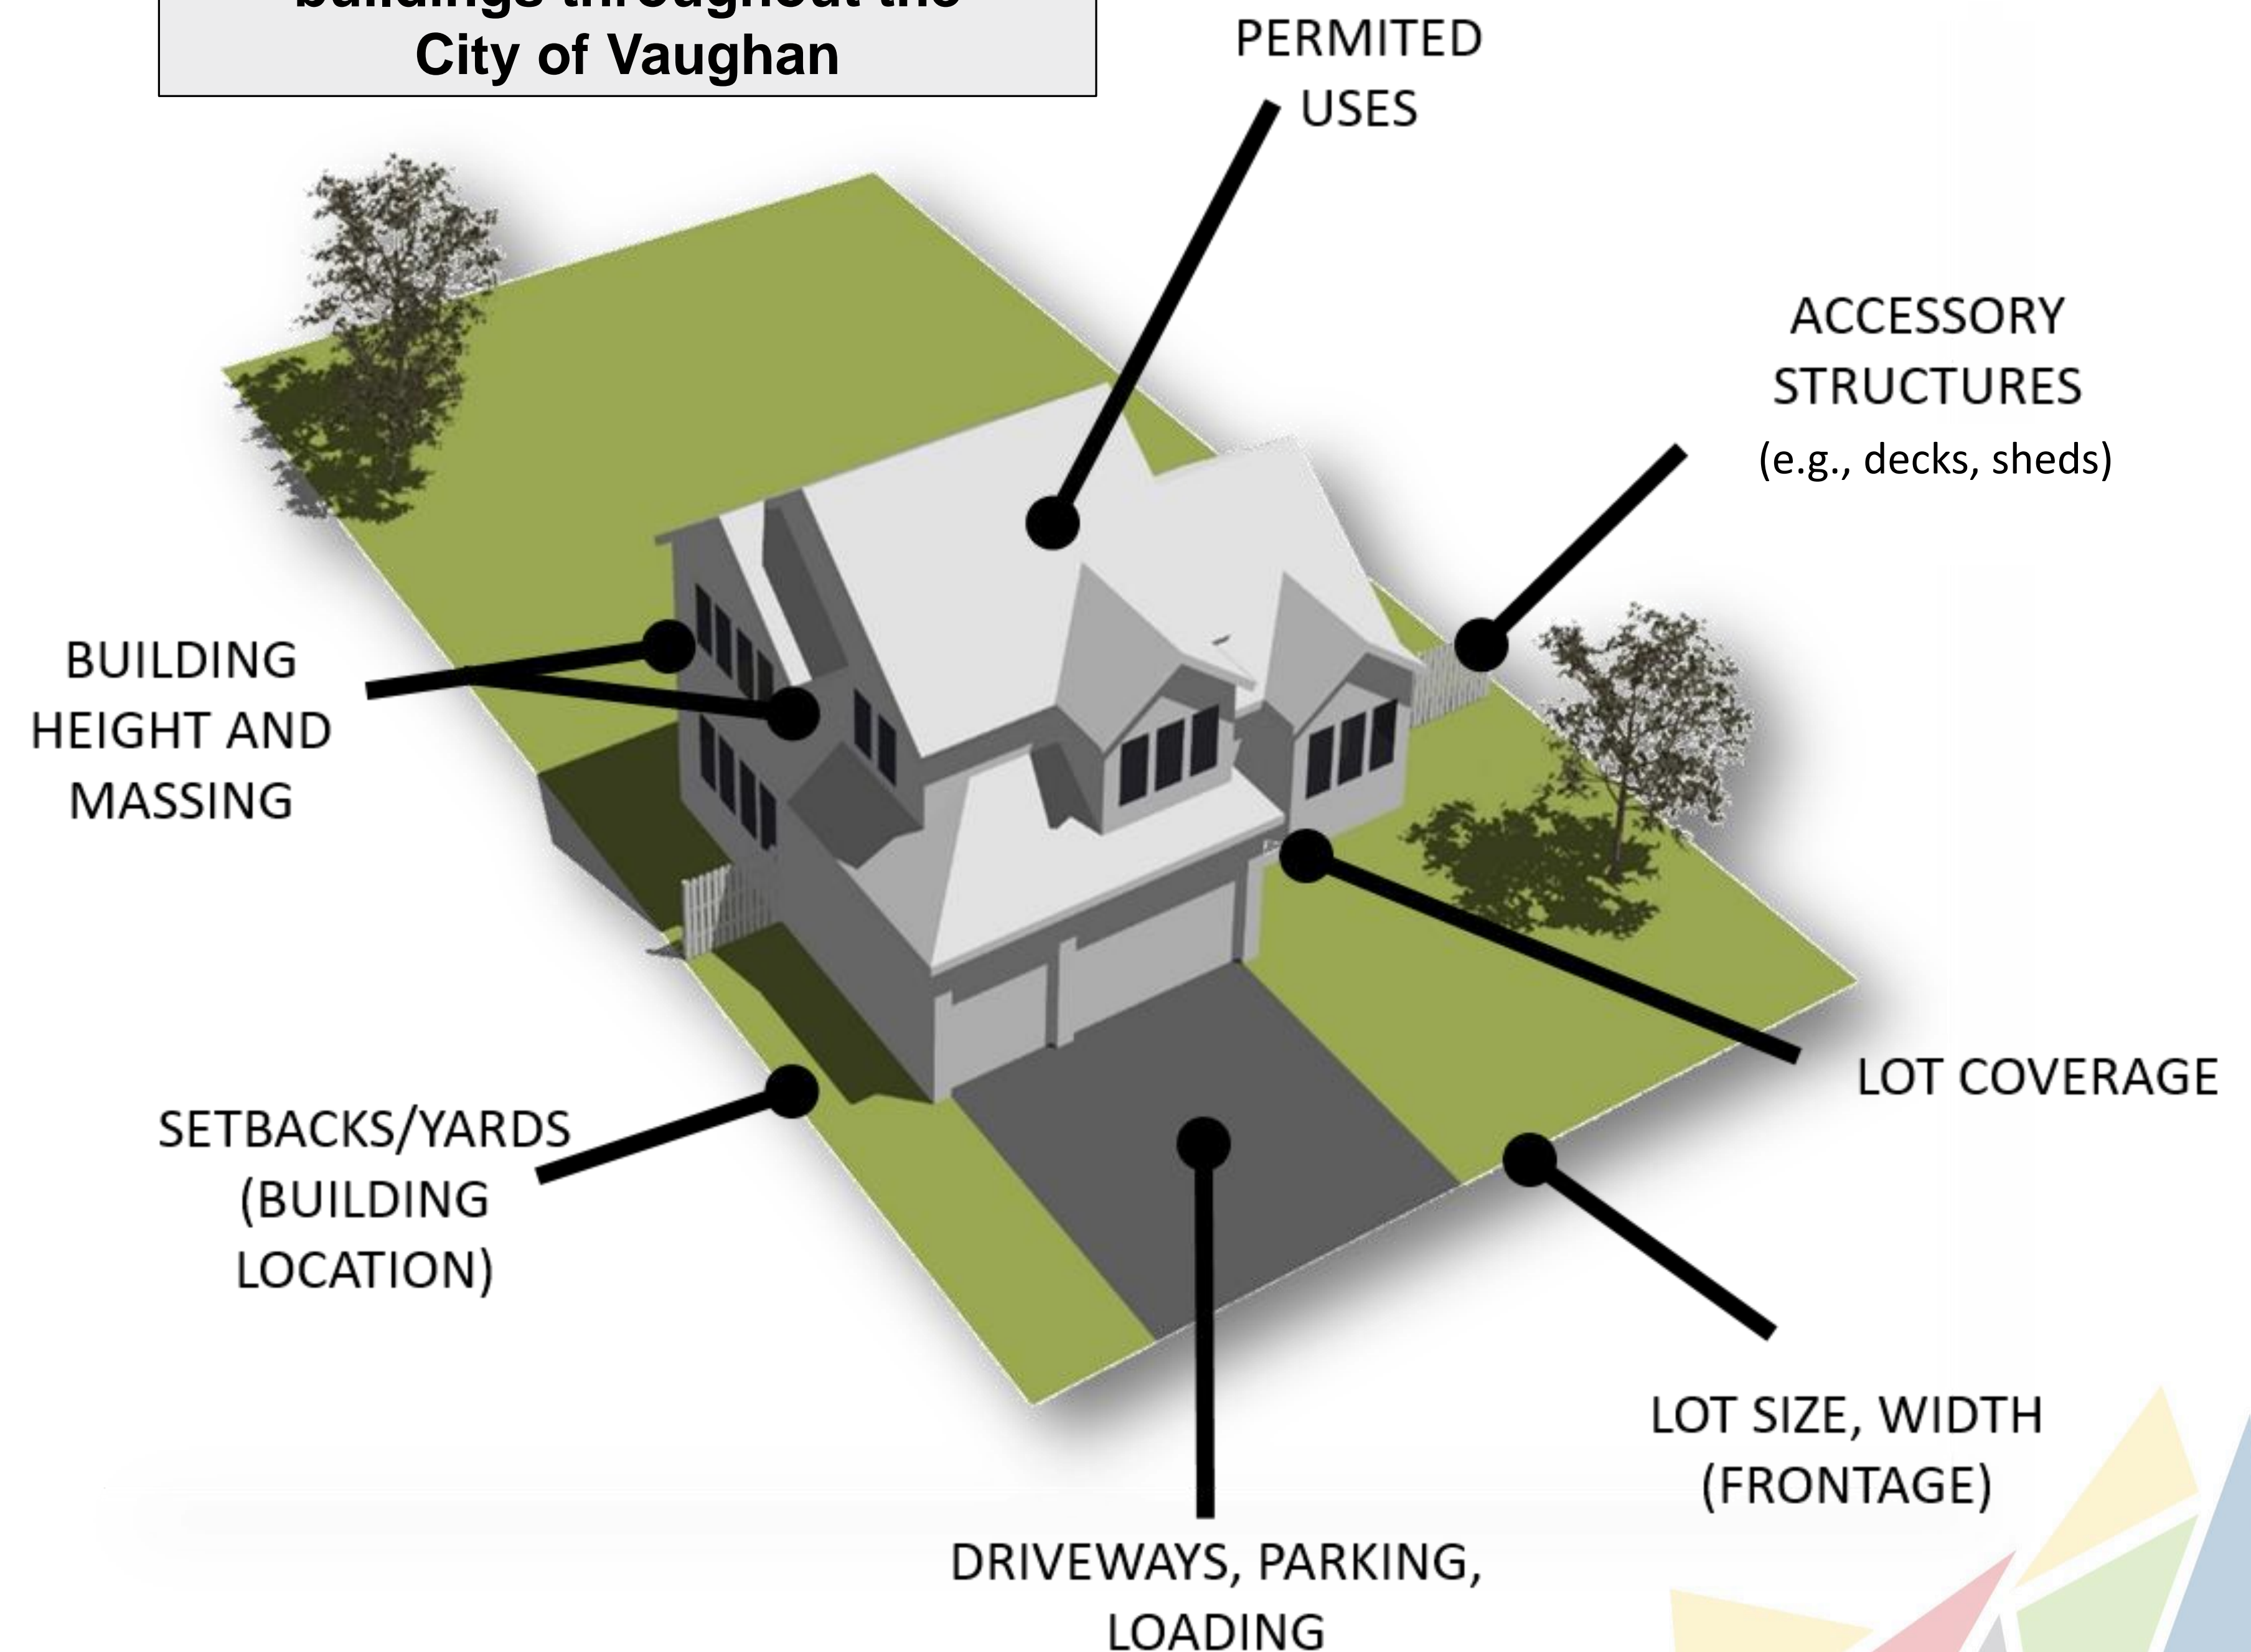

A Zoning By-law is a legal document that regulates the use of land and contains standards for how development can occur within the City.

It is a regulatory tool implemented through the *Planning Act*, and contributes to the built form and function of the City.

## Purpose of a Zoning By-law:

- Implements the Official Plan
- Provides a legal means of managing land use within the City
- Mitigates conflicting land uses
- Works with other By-laws

A Zoning By-law contains provisions that regulate the use, size, height and the location of buildings throughout the City of Vaughan
